**LEAD-FREE.
WORRY-FREE.
HASSLE-FREE.**
4 YEARS EARLY.

With new national lead-free legislation taking effect in 2014, there's been a lot of talk about making the switch. Here's the truth: T&S was the first fixture, faucet and fitting manufacturer to convert its entire line to lead-free alloys back in 2010.

So when you purchase a T&S faucet today, you're already lead-free compliant. No worries. No hassle.

Visit tsbrass.com/literature to download a free brochure about our lead-free products, or contact your local T&S rep for more information.
