### From the President:

I am looking forward to spring and the completion of some winter projects. With spring and summer just a few snow storms away..... I hope.

Our chapter will be meeting with the new executive director this month and I am looking forward to meeting him. Some of the topics for discussion will be finance, PSD magazine, membership and a long term goal of mine along with others within our organizations for pursuing a memorandum of understanding with ASSE. With the close cooperation between our two organizations my hope is for a successful meeting and the possibility of an MOU. If you have any issue or comments which you would like your

board to pass on please drop us an email before April 26, 2011.

Our chapter is looking to have a night out with the Captains Baseball team. We have reserved some great seats for this event. The Lake County Captains are the Single A minor league baseball team located in Eastlake, Ohio for the Cleveland Indians. Over the years the Lake County Captains/Columbus RedStixx jerseys have been worn by some significant names like Victor Martinez and CC Sabathia who both played multiple seasons with the Cleveland Indians. So come out with us and see who may be the next player to be called up to the majors. This event is slated for Saturday, July 9<sup>th</sup> at 7 PM against the Lansing Lugnuts (Toronto Blue Jays organization). Tickets for this event are \$9.00 and can be obtained at any of the ASPE chapter meetings. I look forward to seeing you there.

In addition to this event please don't forget our annual golf outing in the fall at Fowlers Mill. Information including registration form will be sent to the membership via E-mail very soon. This will be one of our biggest events of the year. Please start planning early for this last time event at Fowlers Mill. One of Ohio's best golf courses, for me this will be a great loss for ASPE and for golfers in the area. We are still hopeful that the course can be saved but unfortunately for ASPE this course will be closing after this year and we will be looking for a new course. If you have any good recommendations for your Cleveland Chapter please get in touch with any of the board members.

If you missed our past meeting with the state plumbing official you missed getting their take on some of the latest plumbing fixtures that are available to designers but currently do not meet the state plumbing code. This session was very informative and gave us some great insight to their interpretation of the new plumbing fixtures which are on the market. So be careful when you are exposed to new products.

I have been informed that our current VP of legislative Dan Evans will unfortunately not be on our board after this year. Due to conflicts with other commitments and work has elected to step down and we will be looking for someone to fill that position. If you feel like getting more involved with the ASPE organization please let one of the board members know or contact Dan and let him know that you are interested. Our elections will be in May for new officers. I want to thank Dan Evans for all of his hard work and for all of the years of service to ASPE. He has been a staple within the organization for years and has fulfilled all of the duties, which were asked of him. He will be greatly missed. I have known Dan for more years than most and I want to give him special thanks for helping with this organization. Coming from the Canton area and working out of Wooster he has attended every board meeting and has shown great commitment to the organization.

As always I look forward to meeting you at our next meeting and remember that ASPE has a new illustrated IPC handbook which is available for purchase on the ASPE web site.

Regards,  
Keith Bush CPD, CSI  
President Cleveland Chapter

**2010-2011 ASPE Meeting/Plumbing Class Schedule  
April 2011**

The above is the meeting/plumbing class schedule for the 2010-2011 ASPE year. Updated information will appear in subsequent newsletter issues. All meetings will be at Harry's Steakhouse, 5664 Old Brecksville Road, Independence unless otherwise indicated. The meeting/plumbing class, including dinner, is \$24.00. Reservations are required. A mini product show will be held before each meeting/plumbing class highlighting some of the materials discussed in class or products that will assist the engineer in understanding what they are designing or specifying. All plumbing classes will qualify for 0.1CEU hours and will assist in preparation for the ASPE CPD examination.

The following times will be enforced as strictly as possible.

Make your reservations a minimum of two days before the meeting/class and try to be on time.

- Mini product show 5:00 to 6:00      Dinner 6:00
- ASPE business 6:30                      Plumbing Class 6:45 to 7:45

## **Now Hiring: *Chapter Officers!***

If you would like to volunteer and help out the organization that you have chosen to belong to, please read the brief description of available positions. If any of these positions is of interest to you, please contact Keith Bush at 330-672-9612 to get your name on the ballot! No experience is necessary. These positions will be filled at the ASPE meeting on Wednesday, May 11, 2011.

**Committees** (non-elected position): The Cleveland Chapter has numerous committees (Golf, Handbook, Membership and Affiliate Liaison). Responsibilities vary from attending meetings to assisting a Chapter Officer.

**Newsletter Editor:** Responsible for organizing articles sent in from the Chapter Officers and publishing them in a monthly newsletter. Forward the newsletter and other miscellaneous announcements to our members. Maintain a current email / mail directory.

**Corresponding Secretary:** Responsible for all intra-chapter correspondence and communication with Society including forwarding copies of meeting minutes to Society and the Region Chairman.

**Administrative Secretary:** Responsible for keeping all meeting minutes and forwarding copies to all Chapter Officers.

**Treasurer:** Responsible for collecting, depositing and disbursing funds related to Chapter finances. Submit a monthly financial report to Chapter Officers and prepare year end financial reports.

**Vice President, Membership:** Responsible for maintaining an accurate Chapter roster. Planning and implementing membership recruitment programs and membership retention.

**Vice President, Legislative:** Responsible for providing viewpoints on codes, ordinances, regulations and standards. Be a liaison to code writing, regulatory organizations and agencies as necessary.

**Vice President, Technical:** Responsible for planning, organizing and directing all technical activities and events of the Chapter. This also includes arranging the technical presentations for monthly Chapter meetings.

**President:** Responsible for providing the Chapter's leadership. Represent the Chapter at other professional society functions and wherever else attendance may be required. Organize and manage Chapter meetings, appoint Committee Chairpersons and maintain and grow interest in the Chapter.

**From V.P. Technical:**

I would like to thank Jack Soma with State of Ohio, Department of Industrial Compliance for being our guest speakers at the March 9, 2011 training session. The topic of the seminar was on New Products, Approve or Disapprove. The presentation focused on new products such as tempering devices, HET toilets, piping components, pipe joint methods, and why or why not these products would be approved or disapproved in accordance with the Ohio Plumbing Code.

The April 13, 2011 seminar topic will be on Design of Special Waste Piping Systems. The speaker will be Paul G. Galvin with Georg Fischer Piping Systems. Paul has over 36 years of experience in laboratory piping systems.

Please confirm your reservation for this seminar by noon of Friday, April 8, 2011 with Kevin Noble at [knoble@sbmce.com](mailto:knoble@sbmce.com). It is very important that you RSVP to ensure a dinner seat. Also, if you RSVP and do not attend the meeting without notifying us of a cancellation, you will be sent an invoice in the amount of \$24. The Cleveland Chapter of ASPE has a contract with Harry's Steakhouse which requires the chapter to pay for all reservations made. If you have any questions and/or comments about the seminars, please do not hesitate to contact me at [jvarga@sbmce.com](mailto:jvarga@sbmce.com).

► What do the Beach Boys, Mickey Mouse, and T&S low-lead faucets have in common?

► They all got their start in California, and they all swept the nation. Although California led the way with the AB1953 legislation mandating low-lead faucets, it's only a matter of time until they are required in all states. And T&S is ready — all of our faucets are low-lead compliant and are available across the country. And, as always, T&S faucets are as rugged and reliable as they come, and meet the requirements of the Buy America Act. Contact your sales rep for more information.

**UNPARALLELED HOT-WATER TEMPERATURE CONTROL IN AN ELECTRONIC MIXING CENTER (EMC) THAT PLAYS IT SMART AND SAFE.**

When you actually see it perform live, you'll change the way you think about central hot-water distribution systems. Designed specifically to provide  $\pm 2^{\circ}\text{F}$  recirculation system control during zero-demand idling periods, our EMC also delivers remarkable performance across the full diversity of hot water use. And it has no minimum system draw-off requirement. With remote programming and control features, and building automation system interface capability built into the mixing unit, the EMC offers an unparalleled portfolio of valuable benefits. We don't just say it; we'll prove it to you online. Log on to [www.armstrong-intl.com/aspe](http://www.armstrong-intl.com/aspe) today and sign up for a live guided tour.

## ASPE's Illustrated Plumbing Codes Design Handbook Is Available for Pre-Sale!

Written by Past-Society President Julius A. Ballanco, PE, CPD, FASPE, the *Illustrated Plumbing Codes Design Handbook* takes the mystery out of designing code-compliant plumbing systems. It features 500 pages of commentary on the International Plumbing Code and Uniform Plumbing Code, with accompanying illustrations on every page. Each illustration in its original AutoCAD form is included on a CD-ROM that comes with the book.

Now through April 30 you can purchase this exciting new handbook for 10 percent off the regular price. That's just \$67.50 for ASPE members! Visit [www.aspe.org](http://www.aspe.org) to purchase your copy today.

Q: How does a restroom figure into LEED® certification?

A: One way is with High-Efficiency fixtures and Flushometers that reduce water usage by as much as 50%.
