**From the President:**

Wow summer is almost over and the golf outing is upon us. Who will have the low net? Looks like the weather will be working with us and this should be a great event. Talking of events the next several months for me will be exciting here at KSU. Our office is planning to move into Harbour Hall which is currently being renovated and will be the new home for the Office of the University Architect, Life Safety, Facilities and Planning. Our old location will be converted into more space for the School for Public Health. With this and the completion of our summer projects the next two months is always a push before students are back in full force.

On the society side the Technical Symposium in Orlando Oct. 27-30 at the Buena Vista Palace Hotel which is located inside the Disney resort will be here before you know it. Registration is open. Please visit the ASPE website at [www.aspe.org](http://www.aspe.org) for additional information including a tentative program schedule. In addition ASPE and IAPMO are working on the revision to the Hunter Curve to account for High-Efficiency Fixtures. This has been long overdue. In addition please check out the home page for ASPE as they are looking for some critical feedback on the timing of our National and technical Symposium dates which we have been dealing with for as long as I can remember. ASPE needs your feedback. Please get involved.

We are also looking to have copies of the major ASPE design books available for you to see at our first technical program at Harry's in October. Please take some time to review these documents. This is a great opportunity to have a sneak peek of the material before you purchase.

Final Item is the Clam Bake! Please make sure to register the number of bakes that you want. This event is always a great social event for us so please confirm your attendance. The Clam Bake will take place on September 14<sup>th</sup>. Registration forms will be forthcoming so please look for this information very soon!

Enjoy the remaining summer and I will see you on the links.

Regards,

Keith Bush  
President  
Cleveland Chapter

# The Plumbing Industry of Cleveland Presents a Joint Open House and Exhibition Trade Show September 21, 2011 | 2 PM to 6 PM

**Plumbers UA Local 55 JATC Center, 980 Keynote Circle,  
Brooklyn Heights, Ohio 44131**

Sponsored by:

## Open House Special Features

- **JATC Training Demos:**
  - Soldering/Brazing • Welding • Pipe Threading • Cast Iron / PVC Installs
- **JATC/ASSE Tours:**
  - Plumbing System Mock-Ups • Medical Gas Hook-ups • Backflow Devices
  - Virtual Welding • Drain Waste & Vent Systems • Auto Cad Demo
- **JATC: UA Green Plumbing Systems and Plumbing Service Trailers**
- **CPI (Cleveland Plumbing Industry): Display of Contractor Service Trucks**
- **ASSE: ASSE/ANSI Product & Professional Qualification Standards, and the ASSE Dictionary**

**FREE!**  
Snack Foods  
Sandwiches  
Soft Drinks

## **TABLE-TOP SPACE AVAILABLE:**

**for Manufacturers Rep. Line Promotion - \$100.00 per Product Line**

**Contact: Jason Shank - JATC Office - [jshank@plumbers55.com](mailto:jshank@plumbers55.com)**

**UNPARALLELED HOT-WATER  
TEMPERATURE CONTROL IN  
AN ELECTRONIC MIXING  
CENTER (EMC) THAT PLAYS  
IT SMART AND SAFE.**

When you actually see it perform live, you'll change the way you think about central hot-water distribution systems. Designed specifically to provide  $\pm 2^{\circ}\text{F}$  recirculation system control during zero-demand idling periods, our EMC also delivers remarkable performance across the full diversity of hot water use. And it has no minimum system draw-off requirement. With remote programming and control features, and building automation system interface capability built into the mixing unit, the EMC offers an unparalleled portfolio of valuable benefits. We don't just say it; we'll prove it to you online. Log on to [www.armstrong-intl.com/aspe](http://www.armstrong-intl.com/aspe) today and sign up for a live guided tour.

▶ What do the Beach Boys, Mickey Mouse, and T&S low-lead faucets have in common?

▶ They all got their start in California, and they all swept the nation. Although California led the way with the AB1953 legislation mandating low-lead faucets, it's only a matter of time until they are required in all states. And T&S is ready — all of our faucets are low-lead compliant and are available across the country. And, as always, T&S faucets are as rugged and reliable as they come, and meet the requirements of the Buy America Act. Contact your sales rep for more information.

Mickey Mouse® and the Beach Boys® are trademarks of Disney Enterprises, Inc. and Brothers Records, Inc., respectively, and T&S Brass has no affiliation with either such entity.
